TELEVISION CENTRE

Television Centre

The Home of Expression

Television Centre, former home of the BBC, set the foundation for the future. Now, it charts a new course as West London's cultural core. A place for individuals everywhere to come together. To live, work, meet and explore. To live out who they really are among the homes, offices, dining and entertainment destinations that call White City their own.

An inclusive environment for all

Television Centre has adopted a holistic approach to accessibility across the estate, ensuring inclusivity for a diverse set of users and their differing needs. The six entry points are completely accessible and offer direct routes to public transport, including the step-free Wood Lane underground station, and nearby Hammersmith Park. Pedestrian entry points have been designed in compliance with the GLA and Hammersmith & Fulham Access forum.

Building entrances are step-free and situated within 50 metres of car or taxi drop-off points. The basement car park under Scenery House has wider, marked bays reserved for wheelchair users located close to the building cores which provide lift access to all floors. A step-free corridor provides access to The Ariel's two lift lobbies.

Limited mobility, but not limited choice

A range of adaptable homes are available across both The Ariel and Scenery House and will be served by lifts to all floors, including the basement car park located under Scenery House. Those who require greater accessibility have a choice of two and three-bedroom apartment types, floor and aspects to choose from.

All of the adaptable apartments have been designed to rigorous Lifetime Homes Wheelchair Housing standards. These homes are flexible and can be altered further for additional accessibility: kitchen countertops can be lowered, bathrooms rearranged and ceiling railings installed, subject to buyer requirements.

Please contact the appointed sales agents to discuss your needs in detail.

TELEVISION CENTRE

Accessible Entry

Step-free approach and access to building entrances and exits provide easy of access to all. A 24 hour concierge service provides extra reassurance to all residents – and their guests.

Step-free Lobby and Amenities

The commitment to accessibility extends beyond the apartment. With step-free and wheelchair-friendly access to the lobby and fully automated lobby doors, entering and exiting the building is effortless for all residents.

Similarly, step-free access to all amenity facilities is designed in, ensuring enjoyment of these dynamic spaces for residents and visitors alike.

Spacious Interiors

From lobby to apartment front door and all thresholds within, residents will find interiors with clear widths, ensuring easy movement throughout the spaces. Circulation spaces have been designed by place turning circles at key points to facilitate easy movement, and the freedom to make this space your own.

Apartments have dedicated wheelchair storage areas and dedicated power sockets for hassle-free battery charging (as required).

Changes to the height of wall sockets to be in a higher position.

Bathroom Accessibility

Embrace independence with wheelchair-accessible bathrooms. Designed with your needs in mind.

The bathrooms are being created with future adaptation in mind; including, the installation of grab rails and the option to turn the space into a wet room.

Bathroom layout adapted to provide enlarged activity and access zones and a level access shower provided. All walls and ceilings in the bathrooms are strong enough to be able to accommodate grab rails or a ceiling hoist as necessary (these would be installed by the resident/OT).

Kitchen Accessibility

Changes to the kitchen layout include an adjustable height worktop with knee space accommodating both the sink and hob, an additional 1.8m of worktop and base units and oven relocation to ensure it is at a suitable height.

Future features, built in

All adaptable units are arranged on a single floor, offer wheelchair storage areas and space provision for wheelchair manoeuvring, with due consideration given to key transfer points such as the front entrance and around the bed.

TELEVISION CENTRE

The Ariel

The Ariel

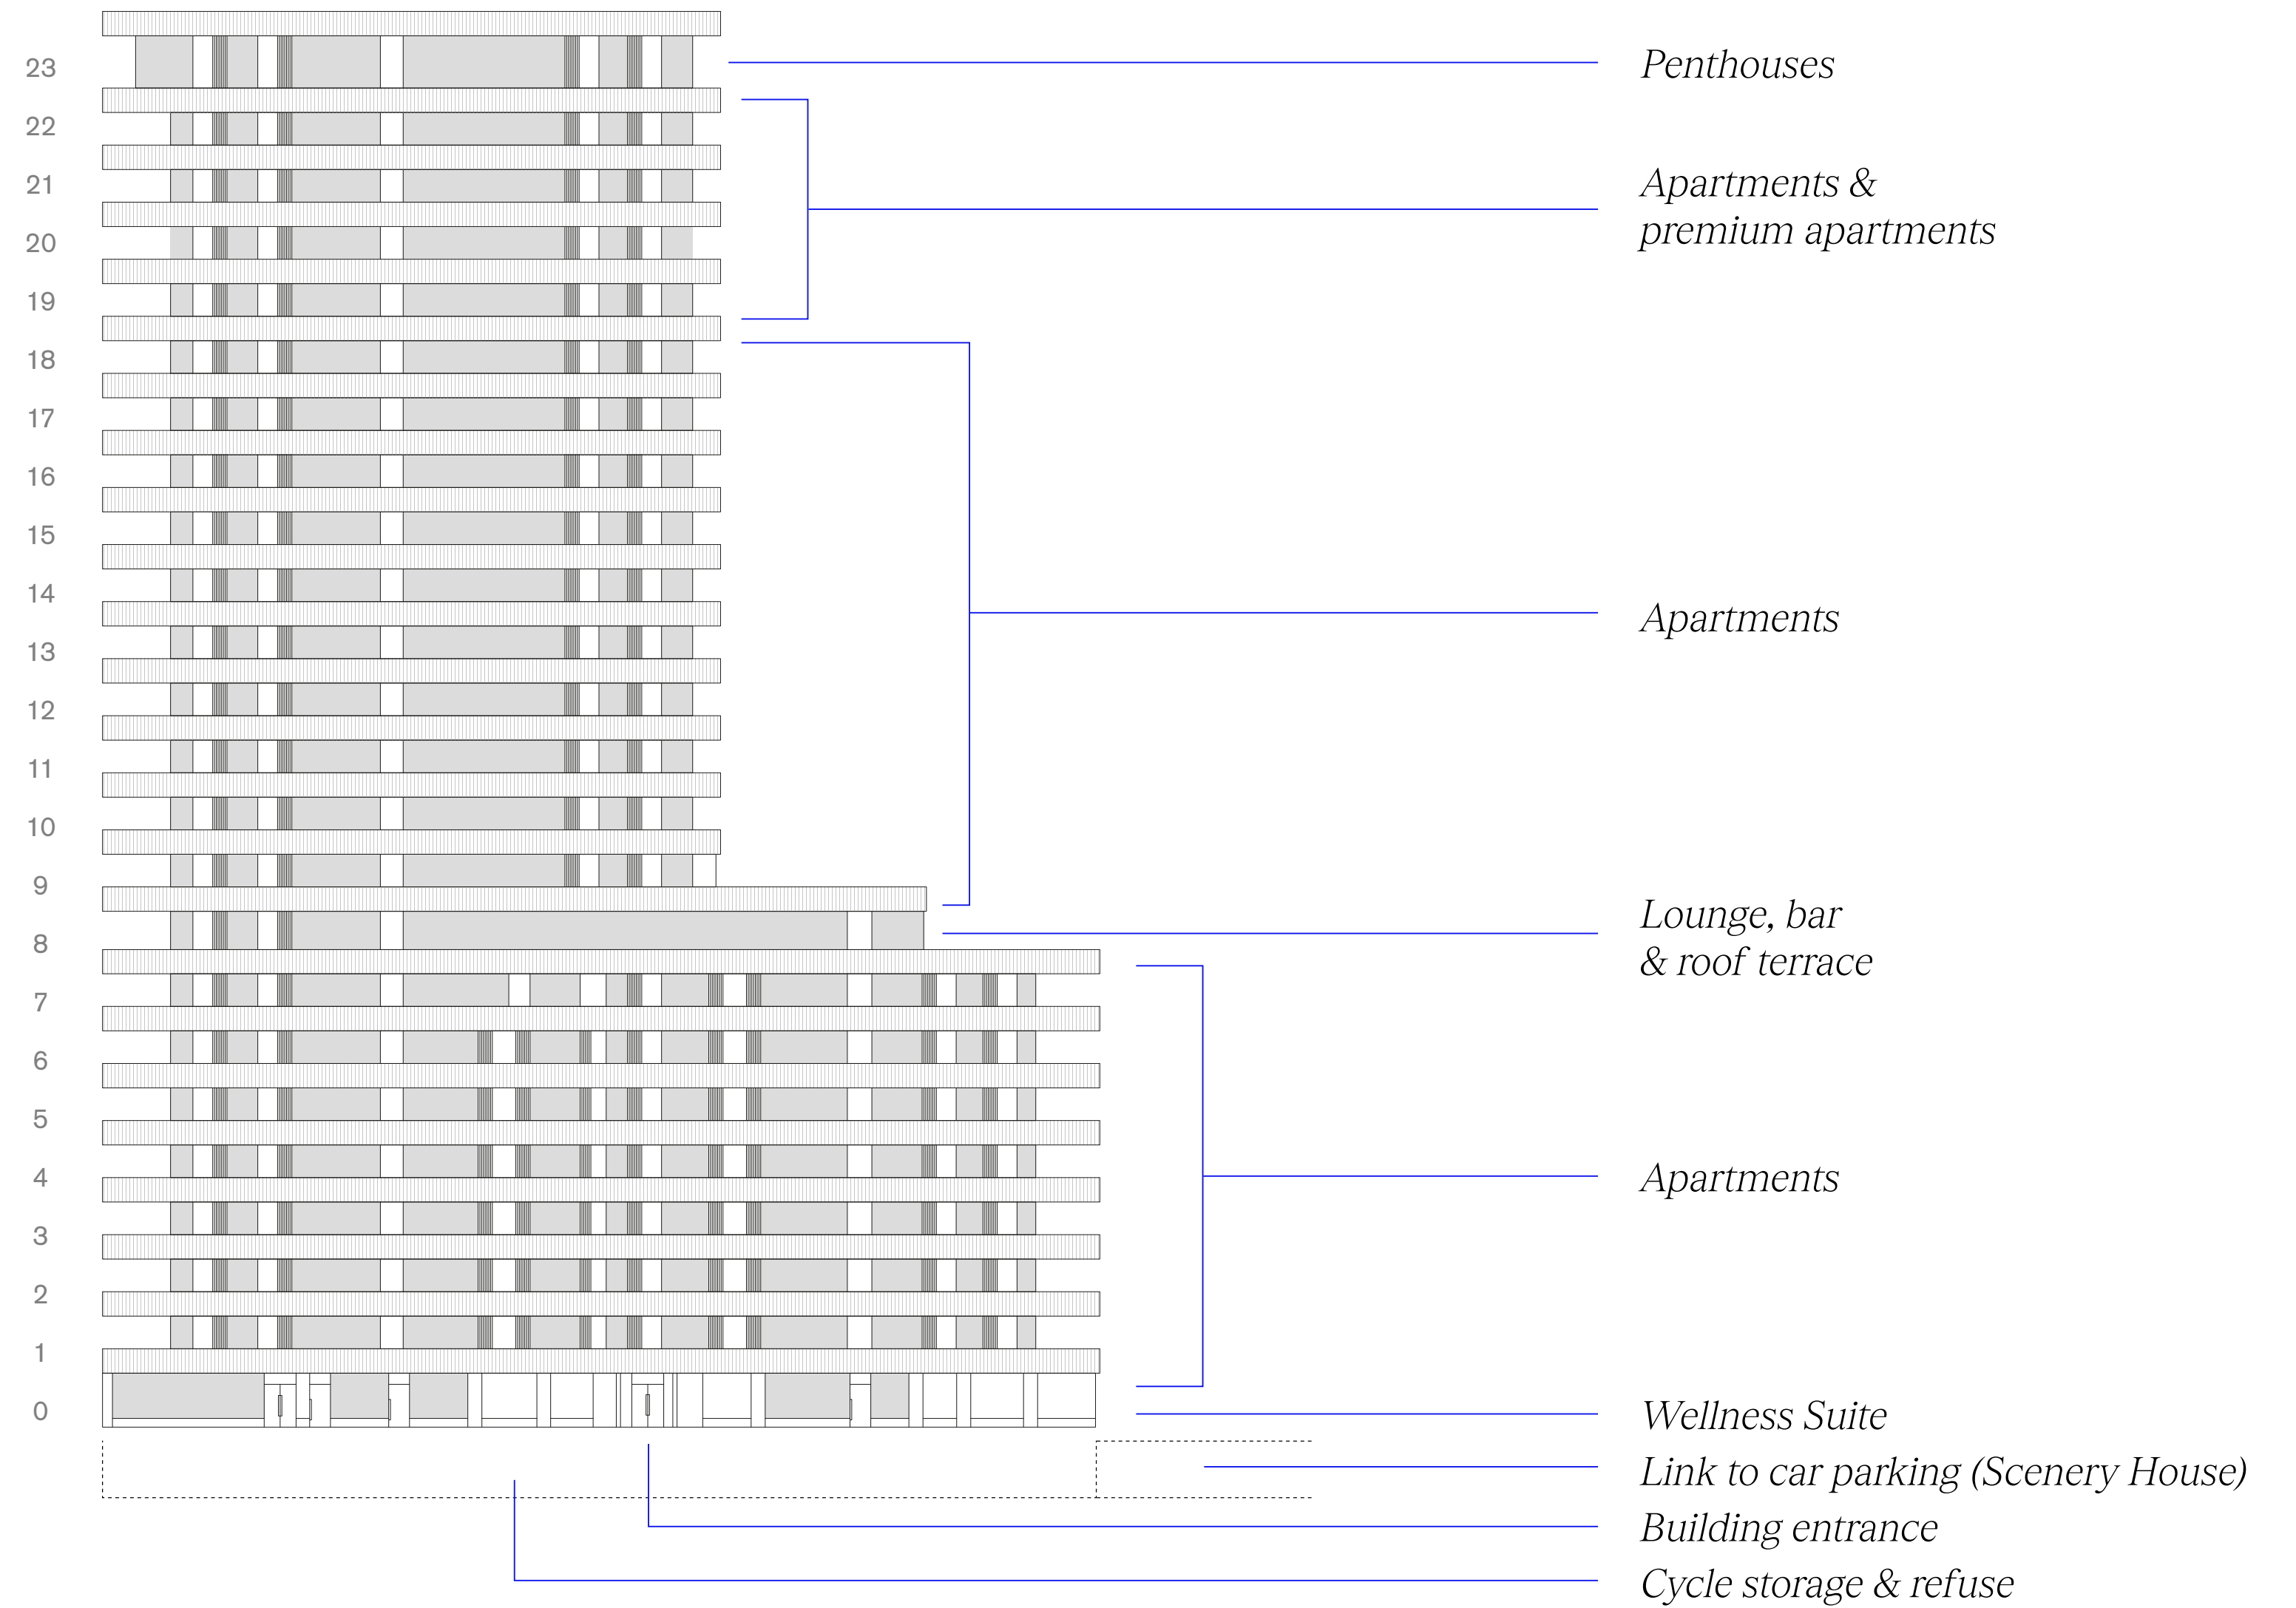

Entrance

A collection of 167 standout apartments arranged over 23 storeys, The Ariel is the only tower within the historic development and will offer uninterrupted views of West London, the City and beyond.

Scenery House

Scenery House

Courtyard Gardens

A new modern mansion block constructed on the site of the BBC's former Scenery Block which created props and sets for the television studios until the advent of green screen production.

Scenery House is a 9-storey apartment building of 163 private homes arranged around a central courtyard garden. Its unique splayed design and south-facing orientation maximises natural light, creating bright and airy living spaces.
